

Community Fact Sheet

From Midland to Cairo, to Paramaribo to Aberdeen, we operate in unique communities around the globe. Our community partnerships help us foster resilient relationships that advance and support community well-being, environmental stewardship and access to energy.

OUR THREE PILLARS OF COMMUNITY SOCIAL INVESTMENT

COMMUNITY WELL-BEING

Addressing acute social needs within our geographically and culturally diverse operational footprint.

ENVIRONMENTAL STEWARDSHIP

Maintaining our long-standing legacy and commitment to balancing environmental stewardship and conservation with responsible energy development.

ACCESS TO ENERGY

Creating opportunities for underserved communities that lack access to reliable, affordable energy.

COMMUNITY WELL-BEING

28,000+

patients living in the Egyptian governorate of Matrouh will receive medical care through our partnership with the **Ibrahim Badran Foundation** to expand medical convoys and mobile clinics to remote areas.

£1 million+

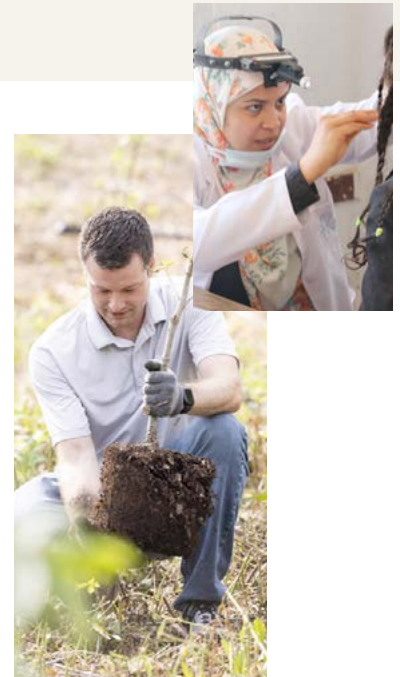

donated over the last 15 years to **Maggie's Aberdeen**, a cancer support charity in Northeast Scotland that provides assistance to approximately 10,000 people affected by cancer each year.

205

U.S. university scholars were supported with scholarships, coaching, networking and mentoring resources through our partnership with the **Posse Foundation**.

61

women and children supported through our partnership with the **STICRIS** shelter in Paramaribo, Suriname, offering ongoing emergency, advocacy and support services.

ENVIRONMENTAL STEWARDSHIP

Expanded the award-winning **Apache Corporation Tree Grant Program** to Scotland, where more than **3,600** trees were granted in 2023. Since 2005, the **Tree Grant Program** has donated more than **5 million** trees to over **1,000** nonprofit charitable partners and government agencies in the U.S.

Partnered with **Borderlands Research Institute** at Sul Ross State University in Alpine, Texas, to launch a well-pad restoration research project with the goal of publishing a best-practices document to be shared with other Permian operators.

ACCESS TO ENERGY

In 2022, launched a multi-year partnership with the **Clean Cooking Alliance**, a U.N. Foundation nonprofit working to address universal access to clean cooking fuels.

Supported access to energy for more than **1,300** people in Suriname's Amazon rainforest by donating two commercial-grade generators to villages in the interior that severely lacked access to electricity.
